

# ANNOUNCING NEW PUPPY STARTER KITS

Sometimes it seems that one of the most stressful parts of becoming a new puppy owner is getting all that “stuff” together that you will need to welcome home your new little Dood.

We have made arrangements with a major Pet Supply Vendor to offer you basic puppy starter packages. These kits should contain everything you need for your new little Dood (crate, bedding, grooming items, clean up, chews, treats, toys, etc). These items are of the highest quality and save you the time, expense of shopping for these items individually, and utilizes Barksdale’s knowledge of need. We offer these complete packages in two different listings. If you would be interested in this option, please let us know. Hopefully this is another way Barksdale can make your “Family Happy”.
